Streaming Service

It provides instant data from the vehicle.

To use GRPC service [capi.proto](#) you need to use.

Here is an example of a GRPC request for data streaming

```
GRPC /StartStream HTTP/2
Host: grpc://capi-telematics.ford.com.tr
Authorization: Bearer {your-access-token}
You need to import capi_proto(proto2) file.
```

• The lock icon near the address bar in Postman indicates whether the connection is secure (HTTPS). Please be sure to check this before invoking.

1. Open Postman and Create a New Request:

- Click on 'New' and select 'Request'.
- Name the request and select the 'gRPC' option.

2. Enter the gRPC Server URL:

- Enter the URL: `grpc://capi-telematics.ford.com.tr`.

3. Import the Proto File:

- Click on the 'Import' button and select the 'capi.proto' file.

4. Select the Method and Configure the Request:

- Select the 'StartStream' method from the list of available methods..

Streaming Service is a service that enables real-time data streaming from the vehicle. This section provides an overview of how to initiate GRPC-based data streaming, including the steps to establish a connection via Postman and the use of the required proto files.

User's Confirmation Regarding Legal Basis for Transfer

For the purposes of this clause, "User", "Data Holder", and "Third Party" shall have the meanings given under the Data Act, and "Data Controller", "Personal Data", and "Data Subject" shall have the meanings given under the GDPR.

The User, in its capacity as the "User" under the Data Act, hereby confirms and guarantees that it has verified, in accordance with its documented internal compliance procedures, that the Data Subjects (in cases where User is not the Data Subject) whose Personal Data will be transferred to the designated Third Party have been duly informed of such transfer in accordance with the GDPR, the ePrivacy Directive, and any other applicable data protection or privacy legislation within the European Union or the relevant Member State. Where required, explicit consent from such Data Subjects has been obtained. The User further confirms and guarantees that, upon the Data Holder's written request, it will provide the necessary documentation and evidence supporting the above confirmations within five (5) business days, without prejudice to the Data Holder's own obligations under applicable law. The User also confirms that no further transfer of the Personal Data to any other third party shall occur without a valid legal basis and compliance with applicable law. The User shall be solely liable for, and shall indemnify, defend and hold harmless the Data Holder from and against, any and all claims, fines, penalties, damages, losses, costs and expenses (including reasonable legal fees) arising out of or in connection with (i) any breach of the confirmations and guarantees set forth in this clause, or (ii) any failure by the User to have a valid legal basis for the transfer of Personal Data to the designated Third Party, or to provide the required documentation within the period specified herein."
